BILL BURCH will work hard in Austin to represent us on important issues

KEEPING TAXES LOW

Voters and taxpayers in Arlington, Mansfield, and Grand Prairie, suffering “property tax creep” that increases housing costs and rental rates for too many Texas families, deserve tax relief and reforms that better concentrate tax increase and any potential tax caps decisions with local elected officials accountable to the voters.

IMPROVING EDUCATION AT ALL LEVELS

We must improve teacher working conditions, reduce administrative paperwork, restore teacher authority in the classroom, and increase courses leading to career paths and technical schools, and not just college.

PROMOTING NORTH TEXAS BUSINESS OPPORTUNITIES AND JOBS

Because new businesses mean new jobs and a healthier local and state economy, we need to improve opportunities for attracting companies to our area and better address transportation issues that slow the movement of goods, services, and people in our region (such as those with Hwy. 360).

STANDING FOR CONSERVATIVE VALUES ON GOVERNMENT
Bill Burch firmly believes in pay-as-you-go government, the ability of the private sector to do most things better than government, increased fiscal responsibility and accountability at all government levels, truth in fair taxation, more aggressive programs to eliminate government waste and duplication, individual rights and individual freedoms, and stronger property rights laws for Texans against government’s taking of property.
